**We need your voice more than ever at this critical time.**

**For California to be a true safe haven for those seeking abortions, we need protections for out of state patients. An increase in those unhoused demands solutions and we must advocate to finally end childhood poverty. For families to thrive, quality, affordable childcare is an imperative.**

**The faith based perspective we bring to these issues is a vital voice.**

**Hear from the experts on legislative solutions; then talk with your legislators.  
Training will be provided.**
